Subject: On Microsoft..

Attn: USDOJ

As a taxpaying citizen I would like to say I'm dissapointed that all this effort is being placed to investigate an honest company such as Microsoft. It has broken no laws. Microsoft's competitors are only upset that they have been beaten in the business market. They can't compete against Microsoft so now they want the US to control Microsoft in order to level the playing field. The playing field was already fair, and they lost.

Please allow Microsoft to continue running the company as it has done, without violating any laws, which ultimately benefits the people.

Don't allow this to continue.

Thank You,
Sam Torres
